MULTI-STRAIN PROBIOTIC 20B

Multi-Strain Probiotic for Healthy Digestion

Contains 20 Billion Colony-forming Units (CFUs) †

Supports the Gut & Digestive Health †

Promotes a Strong Immune System †

MULTI-STRAIN PROBIOTIC 20B can help restore digestive balance. It contains 20 billion active cultures per capsule to support good gut health and a strong immune system. Every strain used in the formula is well-researched and identity-verified for safety and assurance.

MULTI-STRAIN PROBIOTIC 20B helps replenish and support healthy bacteria in your gut. The gut plays a vital role in the recycling and metabolizing of hormones, including thyroid hormones and estrogen. Home to billions of beneficial organisms, your gut also helps support your immune system and produces neurotransmitters such as GABA, serotonin, norepinephrine, dopamine, acetylcholine, and melatonin. Our blister packaging protects each capsule from natural factors proven to compromise probiotics' stability, such as heat, moisture, and oxygen.
